10 Dec

Dino -

25X1 [] has asked me to
brief a group of OCL officers in
late Nov. or early Dec. on the
25X1 [] its impact on the Center, and
its potential for OCL interests.

- I wish you to organize
the graphics and supervise the
preparation of a briefing text
to go with the graphics (I'll eventually
massage the text myself to adopt it
to my style needs).

- I am thinking along the
following lines of organization,
and am open to suggestions:

I. Brief (10 min) recital of NPIC present capabilities and functions.

II. Technical and statistical aspects of the impact on the Center.

25X1

- Using ready-made boards on coverage, resolution, etc, where possible, from ACL's, , etc. collections.

25X1

III. Increment to ~~the~~ intelligence on military subjects.

IV. Increments (certain, possible & feasible) to political and economic intelligence, as well as task force type situations involving full spectrum.
